

**About joe park
construction**

Joe Park Construction is a full service contractor licensed in Washington and Idaho. The Park family began serving our clients in 1908 in the Pacific Northwest and is well known for our long-standing and successful relationships with project owners, and key industry architects and engineers. Our emphasis on project teamwork is a proven and successful method of completing projects within budget and on time. We pride ourselves on retaining our clients, some for over thirty years. Our most recent completed projects include over 14 different petroleum and store related remodels and ground -ups.
